My memories of auntie Angie are of her laughter and spunkiness her perfect makeup and happiness and of course her pastida ( I know I spelt it wrong ) at Easter. She's now w her brothers and sisters and parents. And I bet it's been a wonderful reunion. Thoughts and prayers. Love, Lori

“ Marie & Family:

Our thoughts and prayers are with you and your family during this difficult and sad time.

She was a very "special lady" to me, so kind, loving and always thoughtful to me and others who knew and loved her. I will always hold a very special place in my heart for having the pleasure of being her friend and neighbor. I will never forget her knocks to my door and that smile handing me those delicious biscotties and pizzelles, she made with so much love. It meant so much to her to be able to share these special treats with all her friends and neighbors. I will always keep the recipe she wrote close to my heart. We were supposed to make them together but unfortunately, we never had the chance to do so. But because of you, she had the chance to get to taste them one last time.

Just remember all the wonderful memories you shared together through the years. You were always there for her as her loving, caring, and compassionate daughter. You had a special bond that only a mother and daughter could share. Your bond always reminded me of my own deep relationship I shared with my own mother, who has since passed on.

She was blessed with a very long and fulfilling life. May you find comfort and joy knowing she is no longer suffering, and is now in the comfort and blessing of the Lord.

Our deepest condolences

Love, Diane & Victor

“ Marie & Family,

Your mom was such a special, fun loving lady. Always so gracious when we came to visit and always making those special little things for Randy which he was suppose to share (which I did sneak).

Our thoughts and prayers are with you and your family. Remember all the wonderful memories you and your Mom made and cherish those. You cared for her, loved her and had a very special bond between Mom and Daughter. Hang on to those moments and know she is looking down with her arms around you. She is no longer in pain and your Dad and her are now again walking hand in hand.

We love you and hope you know we are with you in our thoughts.

Love,

Kathy & Randy
