“ I will always hold dear to my heart the deep conversations of life we had at the end of a long work day at Crestwood. I honestly thought we'd have those for longer than we did but I was happy you found something that made you happy. I learned a lot from you both personally and professionally; and I hope to use these things I learned in my everyday life. You are missed my friend (and work Mom). Thank you for everything. My sympathies to your family.

“ Carol was such a bright light in this world. I worked with her at Woodmill Nursing Home. She loved making her yearly trek to Acadia National Park and I was blessed to be her guest one year. She made life a little brighter every day. It is so sad knowing she didn't get to enjoy her long awaited retirement with her loving family. She will truly be missed. My deepest sympathies. Love, Laurie Nitschke.

“ My last memory of Carol is her being so happy leaving with her cat. She was so happy to be going to her new home with Oszar! She was a great help to me when I was having some medical problems and I appreciated her kindness. We both cried together when she lost Max. She will be greatly missed. Sorry I can't be there as I am away.

My deepest sympathy to Alex & family,

“ Carol Ann was a great person!!!!. She was so thoughtful and caring to other people. She took great care of my 89 year old father in the nursing home for 7 months when he broke his hip. She stuck with him and got him back on his feet until we were lucky enough to bring him home. I will forever be grateful to her for what she did for us. and she will be greatly missed. There should be more kind people like her in this world. Our condolences go out to her family. " rest in peace" . The wright family.

“ To Joey, Paul and I will never be able to replace your Auntie Carol, but we will always be here for you. Unfortunately we did not get the chance to meet this incredible lady, but through you we knew how much she loved you and wanted you to be happy. “ Though I first met Carol not very long ago, she quickly became a friend. She was kind and warm-hearted with a wonderful sense of humor...her smile infectious, her laughter contagious. My heart goes out in sorrow to her family over this tragic, senseless loss. May there be some comfort in the fact that she will live on in your hearts and in the hearts of all of us that knew her. Rest in peace, Carol, and know how much you will be missed.

“ Felides and Abbott family- I am so sorry for your loss. I first met Carol at Northeast Rehab over 20 years ago. I was a PT and she was our scheduler. She was so full of fun and compassion for everyone she met. I was lucky enough to run back into her again a few years ago at Genesis Rehab and saw that she hadn't changed a bit. She was still so full of life and compassion- and now she was using it to care for the people that most needed her skills. All of her patients loved her, and I did too. I will miss her laugh, her devilish little smile, and her strength. The people and her patients that she touched will never forget her. She was one of a kind.

“ I only met Carol as my mom was in a head on collision and she worked with her for 3 months. I loved Carol and even though she was the same age as my mom she wasn't afraid to handle her with her injuries. Some other therapists that worked with her I was concerned that they were fragile with her and my mom needed someone that was sure of themselves and had confidence! This is what Carol had! I only ever seen her so happy even when looking for cars,place to live and so on. My mom was hoping to get back to the nursing home to see Carol as well as a few others on how much she has accomplished in a short amount of time! There are no words that will help with the loss of your loved one! I send my sincere condolences from my family to yours! Melinda O'Halloran

“ I am so sorry for your huge loss I work with Carl when it was Sun healthcare and we had a great group on co- workers. Carol had worked so hard to get to her retirement and finally buy a hassle free home. It makes me so sad to think that the last picture of Carol was sporting a huge smile an opening the door to her new home, which she never got to enjoy. There are no words that can explain why. My heart and prayers go out to you all. Her family was her life!! Kathy Coughlin

“ I will always remember our “quiet Sundays” at work. Always birdwatching while working with the patients (thanks to you), sharing pictures, stories or laughs with our patients. Always willing to give 110% of yourself for your patients & co workers. Always there to listen and give good advice. You will be incredibly missed and never forgotten friend.
