“ James loved his granddaughter with a fierceness rivaled by no other, and River adored him. I know he will be keeping a watchful eye over her for the rest of her life, just like he would have on earth.

“ Gonna miss you my good friend. You were always there, which means a lot to me. It's gonna be hard not having you call anymore or you walk in my house and then me saying why don't you just come in. I always got a laugh out of that.

You mean so much too so many. R.I.P. my friend. See you on the other side.
